

Thankful for the little things I have to look forward to. They don't all have to be big things, do they? The grouchy look on my "not-a-morning-person" kids' faces, because still I get to see them yet another day; the confused look on my cat Nervous Nelly, because she's just too weird-funny; my husband returning from a 4-day business trip, because that's the longest we've been apart ♥; spending time with a loved one I haven't seen in a while, 'cause what could be better?

What are some of the little things you have to look forward to and are thankful for?

*"Who does not thank for little will not thank for much."*

*~ Estonian Proverb*
