Sampling of 5 out of 5 star reviews

This book was filled with intrigue and had so many surprises at every turn. It captured my attention from the very beginning and I could not put it down!

Wonderful book! Very well written. The combination of the past with the present, was masterfully done. Left one longing for more. I cannot wait for the sequel.

Full of surprises to the very end. It was difficult to put down.

The author cleverly links the past and the present. It's historical fiction meets love story with lots of intrigue and passion.

Very well written and intriguing novel. The author did an excellent job in developing the characters throughout the book and keeping it full of suspense. It was an fun read and I thoroughly enjoyed it.

The author seamlessly transitioned between the intriguing stories of the past and present. I couldn't put it down and yet I didn't want it to end.
