

I've said it before and I'll say it again: Don't worry, He always provides those much needed puzzle pieces. May be via an opportunity, may be through a connection with an unlikely person…slowly but surely He places in our hands those pieces and makes known to us the path of life. And for that, I am so thankful, God.

"The problem is that we always look for the missing piece of the puzzle instead of finding a place for the one in our hand…"
