

For those signs and whispers from our Lord. How much stress and agony they save us when we live in awareness and listen. Shhhhh….Let's tune in to His frequency, people!

God whispers to us in our pleasures, speaks to us in our conscience, but shouts in our pains.
-C.S. Lewis

People are going to come into your life, and God is going to use them to help you. To them you're insignificant and don't matter. They are not going to understand you, or even see the point of why God had you hang in there with them for so long. Remember this: Sometimes meeting someone has nothing to do with what you can provide for him or her and everything to do with what God needs you to recognize in that person. If you didn't understand the message, God will keep sending the same person or situation into your life.
-S. Alder

Often subtle clues are not obvious enough for the stubborn or stupid. This is when God stops throwing crumbs and starts throwing the whole piece of bread. If you step on moldy bread then you know you have waited too long.
-S. Alder

And your ears shall hear a word behind you, saying, "This is the way, walk in it," when you turn to the right or when you turn to the left.
-Isaiah 30:21
