

Newsbreak: Monday will be happening an hour earlier.

We're about to "spring forward" and we're losing an hour of sleep! (Lord, I had just gotten used to this schedule ☹).

But as with any downside, there's always an upside. And the silver lining here is more daylight. Raise your hand if you're glad about that. ☺☺ So, my friends, time to "move"! No excuses.

Grateful for a little more light and a little more time to catch that sunset!

Here's to brighter days and even brighter hearts.

What are you thankful for today?

Until next Thursday's post...si Dios quiere.

"The sun himself is weak when he first rises, and gathers strength and courage as the day gets on."

*-Charles Dickens*

"Life is too short for bad coffee."
