

Ever had one of those weeks that's just plain frustrating? Don't let it get you down. I've run out of coffee too. ☐

No, but seriously, it's best to remember that just because things aren't going as planned doesn't mean they aren't working out how they should. Sometimes the challenges, delays, and changes end up being exactly what's needed.

Remember, while we're dealing with tough weeks, others are facing even harder struggles. Through it all, we just gotta have some patience, hold on to hope, keep putting in the work, and trust God's timing, even when it doesn't make sense. Sometimes *lo que sucede, conviene*, and what happens really is for the best.

Let's find that "something" to be thankful for, even if it's finally getting that coffee order. ☐

Grateful today for perspective.

What's one thing you're grateful for this week?

Until next Thursday's post...si Dios quiere.

*"In the middle of difficulty lies opportunity."*
